

The Monument Community Partnership (MCP) presents a

# Public Meeting on Bed Bugs

October 28, 2010

6:30 PM to 8:30 PM

Meadow Homes Elementary School  
(multipurpose room)

1371 Detroit Ave., Concord

## Are you concerned about Bed Bugs?

Do you have bed bugs in your home but don't know how to manage them, or is your landlord or property manager not correcting the problem?

Bed bugs are small insects that feed on people at night often causing painful, itchy swellings similar to a mosquito bite. They are becoming more and more common and can be found in the very best homes and hotels.

In the meeting, we will:

- Discuss identification and management techniques
- Discuss tenants' legal rights and property owner/manager responsibilities
- Provide a forum for the public to share their experiences living with bed bugs, so the county can determine how to assist

Spanish translation will be available.

Child care will be provided on site.

MCP's Partners are

The Contra Costa Bed Bug Task Force and

Contra Costa County Public and Environmental Health Advisory Board (PEHAB)
