

Help plan the future of your community

We want to hear from you

what types of activities are important to you, where these activities should take place and how you and your neighbors envision your community.

Your feedback is part of the process to create the Consortium's 2010-2015 Consolidated Plan for the use of funds that the city of Concord receives from the federal Department of Housing and Urban Development (HUD). These funds provide **affordable housing, home rehabilitation, homeless services, public facilities improvement and social services programs.**

Come help to create the future of your community!
